about us

*Seeking to put God's love into action,
Habitat for Humanity of York County brings people
together to build homes, communities, and hope.*

Driven by the vision that everyone deserves a safe, decent place to live, Habitat for Humanity of York County was founded in 1988. To date, we have partnered with more than 300 families through new construction and home repair programs. Additionally, over 2,600 individuals have accessed financial literacy education, and our neighborhood revitalization work has positively impacted the quality of life of thousands more.

Celebrating 35 years

Habitat for Humanity of York County has an open-door policy: all who believe that everyone deserves a decent, affordable place to live are welcome to be a part of the organization's work regardless of race, religion, age, gender, politics or any other distinction that too often divides people. In short, Habitat York County welcomes volunteers, supporters and potential homeowners from all backgrounds.
